## EDITOR'S MESSAGE

“Children are likely to live up to what you believe of them.” — Lady Bird Johnson

Primary education lays the foundation of the physical, intellectual and emotional growth of the children. Common Minimum Programme enables us to bring qualitative improvement and development in the teaching learning process. Children participate in activities which inculcates an interest toward learning in them. Learning becomes more interesting and joyful for children with the use of ICT. Audio - Visual modules and pictures facilitate effective learning among children. The newsletter is an assemblage of all the activities conducted under CMP.

Payal Goel  
(Sr. PRT)

## From CMP In-charge

“Be sure you put your feet in the right place, then stand firm.”

– Abraham Lincoln

***Let us colour it with all the vibrant hues and colours of life so that we don't regret when we see it tomorrow. Let us breathe life in our goals. Setting goals and working towards it with unstinting faith, determination, patience and perseverance lead to gratifying and magical results. We need to articulate our dreams and passions on a paper, keep reminding ourselves about it and then no terrain is so thorny and no summit so high that we cannot scale it. My heartiest gratitude to esteemed Principal for his unwavering support and relentless effort to add excellence to this treasure trove. I am thankful to all the teachers who have lent their invaluable support in breathing life into these pages. Wish you a delightful & enlightening reading.....***
